

# ASIA SUMMIT 2025

## PROGRESS WITH PURPOSE: COLLABORATION AMID COMPLEXITY

The 12th Milken Institute Asia Summit convenes bold leaders and big ideas at the forefront of the world's most impacting mega-trends. Together, we aim to catalyze the strategic partnerships and scale the initiatives that would accelerate progress on humanity's path to a brighter future.

Under the theme *Progress with Purpose: Collaboration amid Complexity*, this year's program agenda creates opportunities for people to meet, exchange insights, and move above the forces disrupting global capital markets and cross-border engagements. Across public discussions and private roundtables, we bring together individuals who are transforming business, finance, government, health care, technology, and philanthropy, and endeavor to advance our common interests, deepen collaboration, improve health and well-being, and enhance competitiveness, sustainability, and resilience.

Join us as we work toward unlocking more impactful investments and connecting leaders who are united in their efforts to open more pathways for growth, innovation, and shared prosperity.
