

MILKEN INSTITUTE GLOBAL DIALOGUES TORONTO

SEPTEMBER 14, 2026

Park Hyatt Toronto

Canada's investment ecosystem plays a significant role in global private markets, infrastructure, and long-term capital allocation, and is home to some of the world's largest and most influential institutional investors. As trade, capital flows, and supply chains are reshaped by geopolitical change, the Milken Institute Global Dialogues Toronto will explore how Canada can capitalize on emerging corridors of commerce, investment, and innovation.

The event brings together leaders from business, finance, and government in an exclusive, intimate setting to examine the country's role in a multipolar world. The Dialogues is timed to Prime Minister Mark Carney's Canada Investment Summit and will focus on attracting investment into the country while supporting the growing global reach of Canadian capital, with particular attention to energy, infrastructure, technology, and competitiveness.

Join us at the Global Dialogues Toronto to engage with leading investors, capital allocators, and policymakers shaping North America's economic future.

ABOUT THE MILKEN INSTITUTE

The Milken Institute is a nonprofit, nonpartisan think tank focused on accelerating measurable progress on the path to a meaningful life.
